

# Kleen-N-Protect™

hand care • 1000 ml system

## Uses:

- High Impact Plastic Construction
- Easy Front Loading Dispenser
- Totally Enclosed System
- Meets ADA Guidelines

**Soap dispenser** - Single push panel in the front dispenses the precise amount of hand cleanser. The convenient see through window shows at a glance how much product remains.

▶ **DermaKleen** - Made with Triclosan, has been proven in laboratory tests to destroy a wide variety of bacteria, viruses, and fungi on contact. Lotionized to keep your hands feeling well conditioned and soft.

▶ **TotalBath** - Head to toe to body contains special conditioners for the skin and hair. A product that helps ensure cost effective dispensing.

**LATEX FREE**

Catalog #	Description	Per Case	NDC # 61924-
0025BB	TotalBath 1000 ml	10	0028-34
0092BB	DermaKleen 1000 ml	10	0090-34

We offer a choice of 1000ML cleansers. Customers who already have a dispenser will be pleased to learn that the Kleen-N-Protect has been designed to fit many competitive dispensers.
