

Kleen-N-Protect™

hand care • 800 ml system

Uses:

- High Impact Plastic Construction
- Easy Front Loading
- Totally Enclosed System
- Meets ADA Guidelines

Soap dispenser - Single push panel in the front dispenses the precise amount of hand cleanser. The convenient see through window shows at a glance how much product remains.

- ▶ **DermaKleen** - Made with Triclosan has been proven in laboratory tests to destroy a wide variety of bacteria, viruses, and fungi on contact. Lotonized to keep your hands feeling well conditioned and soft.
- ▶ **DermaRich** - An economic all purpose hand lotionized soap. Ideal for most routine health care activities. Leaves skin feeling soft and smooth.
- ▶ **TotalBath** - Head to toe to body contains special conditioners for the skin and hair. A product that helps ensure cost effective dispensing.
- ▶ **GelRite** - Meets recommended guidelines for use as a Health Care Personnel Hand Wash, with fast acting broad spectrum antimicrobial activity.- Lotionized
